

/home/aakash/models
/models/resnet/resnet
_impl.hpp

```
graph TD; A["/home/aakash/models  
/models/resnet/resnet_impl.hpp"] <--> B["/home/aakash/models  
/models/resnet/resnet.hpp"]
```

The diagram consists of two rectangular boxes, one above the other. The top box has a light gray background and a black border, containing the text: /home/aakash/models, /models/resnet/resnet, and _impl.hpp. The bottom box has a white background and a black border, containing the text: /home/aakash/models, /models/resnet/resnet.hpp. Two blue arrows connect the boxes: one pointing upwards from the bottom box to the top box, and one pointing downwards from the top box to the bottom box, indicating a bidirectional relationship.
